**GROUP PROFILE**

This February conference attracts approximately 160 delegates. The participants are involved in all phases of the fertilizer industry, but focus heavily on product registration, guidelines, and development of fertilizer and fertilizer laws, which are regulated on a state-by-state basis.

Affiliated attendees of AAPFCO are state employees with small budgets treating this mid-year meeting as a time to discuss changes in fertilizer laws, challenges facing the industry and to obtain feedback from the industry.

Conference office for the duration is needed for conference supplies.

**AAPFCO Winter Annual & Methods Forum**  
**February 10-15, 2019**
