

The image features two large, thick black L-shaped brackets. One is positioned on the left side, with its vertical bar extending downwards and its horizontal bar extending to the right. The other is on the right side, with its vertical bar extending upwards and its horizontal bar extending to the left. These brackets frame the central text.

UNIFORM BILLS
COMMITTEE

AGENDA
UNIFORM BILLS COMMITTEE
ASSOCIATION OF AMERICAN OF PLANT FOOD CONTROL OFFICIALS
Albuquerque, New Mexico

Meeting Agenda

Welcome and Introductions2
Review and Approval of the Agenda5
Review and Approval of the Minutes from Denver, CO.....5

Old Business:

- Globally Harmonized System Labeling: Products which must meet the Globally Harmonized System of Classification and Labeling of Chemicals (GHS) requirements in accordance with the Occupational Safety & Health Administration’s (OSHA) Hazard Communication Standards, may include the information required by OSHA on the fertilizer label. Such statements and labeling are recognized as valid label text and will not be considered in violation of the State fertilizer laws.

- Labeling material work group is in favor of the definition for labeling: "Means any advertising or promotion of any fertilizer, including, but not limited to, all written, printed, graphic, or electronic communication." The group recommends the same definition be used for any uniform bill which has been adopted and in which the term “Labeling” is defined, except that the appropriate word or term be substituted for the word “fertilizer” in the above definition, e.g. in the Soil Amendment act the term “soil amendment” be substituted for the word “fertilizer.” Pg. 35, 99, 103, 117.....10

- State-by-State Regulation Inconsistencies Working Group Update (*Patrick Hart*).....30

New Business:

Committee Member/Liaison Comments and Issues.....20
 ○ *Chinese made zinc sulfate*

- Public Comment.....5
